A FRENZY OF EXCITEMENT AT WAYNESVILLE.

Narrow Escape of the Passenger Train. as Reported by the Waynesville Courier -- A Most Disiressing Sight -- A List of the Wounded. Condensed from Waynesville Courier.)

One of the bloodiest wrecks that has occurred on the Murphy division of the W. N. C. railroad since the explosion of Mr. Will James' engine on Valley river took place Monday at 10:30 a. m. The scene of the wreck was three miles above town. There were seven cars which were loaded with logs. Five cars were wrecked. Another one broke loose and came by Waynesville at the rate of about seventy five miles an hour. It would have run into the passenger train somewhere below town had the passenger train not been four minutes late, and had not a gentleman who was near the top heard the passenger train coming. He made good speed until he met it, and

thus many lives were saved. The people at the depot were excited almost into a frenzy. There were several friends who were expected on the morning train. The train had left Clyde and nothing could be done but to await patiently the development of things.

It was not long until rumor announced an awful wreck about three miles above town. Doctors were summoned and the train at last came and stood at the depot thirty minutes before leaving. During all of this time men were offertake three or four men to help remove

THE JOYFUL NEWS OF DUR-HAM'S BRIGHTER DAY.

A Million Dollar Corporation -- A Fifty Thousand Dollar Botel -- Mills, Factories, Churches and Schools--Six Hundred Thousand Dollars for Improvements.

(Durham Globe.)

For several weeks past, The Globe has been itching to tell its readers what it knows about the great boom that is about to be started in Durham. To-day it has the pleasure of giving its readers a brief outline of what they may count on to take place as soon as human energy and enterprise can put the wheels in motion.

To begin with, the Durham Consolidated Land and Improvement company was organized in this city to-day with one million dollars capital. The officers are: President, J. S. Carr, president of the Blackwell Tobacco company; vicepresident, A. B. Andrews, second vicepresident of the Richmond & Danville railroad; Secretary and treasurer, R. H. Wright, a wealty and prosperous man who has built himself from the ground up; general manager, John Yancey, Jr., an experienced and successful operator in real estate.

The Consolidated Company has bought the lands of The Durham Land and Security Company, 300 acres; The West Durham Land Company, 386 acres; The Enterprise Land and Trust Company, 215 acres. In all, 815 acres of land lying partly within and partly without the city limits, on the east side, west and south sides of the city.

The company will also operate street cars, and extend the lines to all points would not let them go and rescue the necessary for the convenience of the wounded. At last they concentrated public. It will also build telegraph and and summoned up courage enough to telephone lines to its various properties, and establish a system of water works on

Encouragement and actual assistance will be given to manufacturers who wish to remove to Durham and establish their plants on the lands of the company. Sites will be donated and such other assistance given as may be necessary to attract manufacturers from other places where the facilities ior operating are not as good as they are here.

The company will, as soon as possible, erect extensive manufacturing establishments on each of its three tracts, and in addition thereto will erect hotels. churches, schools and Y. M. C. A. buildings for the convenience, education, religion and morality of the operatives and others who will reside in the neighborhood of the factories. Among the ton were the worst hurt. The others enterprises projected are one or two cotwho were injured were Messrs. Tom tou factory, a knitting mill, a plug to-

storage warehouse. At convenient and conspicuous points in the city, the company will erect a modern hotel at a cost of \$50,000 and a Y. M. C. A. building at a cost of \$25,000. There and other contemplated improvments will require an outlay of \$600,000 and will be completed within eighteen months from this date.

An application for letters of incorporation was filed to day in the office of the clerk of the superior court. A prospectus is in course of preparation, and will be issued very soon. Eight surveyors are now engaged in preparing plats and maps. The general managers will be here next Monday to take charge of opera; tions. Expert real estate operators have been engaged to travel for the company. Other preparations are now going forward rapidly. By the first of October,
